

NOTES ON THE CONTRIBUTORS

Cătălin Bărboianu is mathematician (MSc) and philosopher of science (PhD), author of over 30 academic publications. He is independent researcher with research interests in philosophy of mathematics and of science, formal epistemology, philosophy of language, philosophy of education, and philosophy of mind. Contact: cb@infarom.ro.

Domingos Faria holds a FCT junior researcher position (CEECIND/01066/2017) at the Center of Philosophy of the University of Lisbon (CFUL), where he develops a project entitled “The Epistemology of Complex Disagreement Among Social Groups” at the LanCog group. Affiliation: LanCog, Centre of Philosophy, University of Lisbon. Contact: domingosfaria@campus.ul.pt.

Mario Günther is assistant professor at the Munich Center for Mathematical Philosophy, LMU Munich. His areas of specialisation include Epistemology, Logic, and Metaphysics. He is the author of several articles among which: "Learning Conditional Information by Jeffrey Imaging on Stalnaker Conditionals" (*Journal of Philosophical Logic*, 2018), "Difference-Making Causation" (with Holger Andreas, *The Journal of Philosophy*, 2021), and "Ramsey's Conditionals" (with Caterina Sisti, *Synthese*, 2022). More information is available on his website www.mario-guenther.com. Contact: Mario.Guenther@lmu.de.

Mohammad Mahdi Hatef is a research collaborator at the Iranian Institute of Philosophy, where he received his Ph.D. in Philosophy of Science and worked as a Post-doc researcher. He also made a research stay at the LOGOS Research Group, University of Barcelona, in 2018. His research interests include metaphysics of science, social ontology, philosophy of medicine, and science & politics. He has published another recent work entitled “Revisiting Hull’s evolutionary model of science” (*Balkan Journal of Philosophy*, 2021). Contact: hatef.mehdi@gmail.com.

Benjamin W. McCraw is instructor of philosophy at the University of South Carolina Upstate. His main research interests are within epistemology and philosophy of religion. He has published papers in *Acta Analytica*, *Philosophy and Theology*, *Social Epistemology*, and the *International Journal for Philosophy of Religion* as well as edited collections with *Palgrave Macmillan*, *Routledge*, and *Lexington Books*. Contact: mccrawb@uscupstate.edu.

Michael J. Shaffer is a professor at Gustavus Adolphus College and an external member of the Munich Center for Mathematical Philosophy. He is also a fellow of the center for formal epistemology at Carnegie-Mellon University, a fellow of the Rotman Institute for Science and Values at the University of Western Ontario, a Lakatos fellow at the London School of Economics, a fellow of the University of Cologne's summer institute for epistemology and an NEH fellow at the University of Utah. His main areas of research interest are in epistemology, logic and the philosophy of science, and he has published more than fifty articles and book chapters on various topics in these areas. He is co-editor of *What Place for the A Priori?* (Open Court, 2011) and is the author of *Counterfactuals and Scientific Realism* (Palgrave-MacMillan, 2012), *Quasi-factive Belief and Knowledge-like States* (Lexington, forthcoming) and *The Experimental Turn and the Methods of Philosophy* (Routledge, forthcoming).
