

## NOTES ON THE CONTRIBUTORS

**Daniele Bertini** is adjunct professor of Philosophy at the University of Rome 2, Tor Vergata, where he teaches classes of Introduction to Philosophy and Analytic Philosophy of Religion. He specialized in analytic philosophy of religion, but he is competent also in overlapping disciplines as history of religious doctrines (especially Christian Theology), philosophy of language, and epistemology. His works focus mainly on the epistemology of religious belief and the challenge of religious diversity. He authored four books (on George Berkeley, on Bultmann, on Heracleon, and on the problem of Religious Diversity), three collections (on the role of experience in Theology, on moral heteronomy, and on relations), and published in journals as *Dialegethai*, *International Journal of Philosophy and Theology*, *Religions*, *European Journal for Philosophy of Religion*, *Philosophia*, *Nuovo Giornale di Filosofia della Religione* and *Dialogo Journal*. Contact: daniele.bertini@uniroma2.it.

**Elliott R. Crozat**, Ph.D., teaches philosophy and the humanities at Purdue University Global (USA). His areas of research emphasis are in epistemology, philosophy of religion, axiology, and moral philosophy. He has published on the meaning of life, epistemology, and the problem of evil (forthcoming). He also worked in research at the U. S. Department of State in the area of applied epistemology. Contact: ecrozat@purdueglobal.edu.

**Ron McClamrock** is Associate Professor of Philosophy at the University at Albany, State University of New York. His work in the philosophy of psychology includes *Existential Cognition: Computational Minds in the World* (The University of Chicago Press, 1995). Contact: rmclamrock@albany.edu.

**Gustavo Picazo** obtained his PhD at the London School of Economics and is currently Associate Professor of Logic and Philosophy of Science at the University of Murcia (Spain). His research interests include philosophy of logic, philosophy of language, metaphysics and Zen philosophy. His publications include “Five observations concerning the intended meaning of the intuitionistic logical constants” (*Journal of Philosophical Logic*, 2000), “Truths and Processes” (*Philosophia*, 2014), “The Long Shadow of Semantic Platonism (I), (II)” (*Philosophia*, 2021) and *Kairos zen: el poder de mirar y hacer* (Urano, 2018, in Spanish). **Michael J. Shaffer** is a professor at Gustavus Adolphus College and an external member of the Munich Center for Mathematical Philosophy. He is also a fellow of the center for formal epistemology at Carnegie-Mellon University, a fellow of the Rotman Institute for Science and Values at the University of Western Ontario, a Lakatos fellow at the London School of Economics, a fellow of the University of Cologne's summer institute for epistemology and an NEH fellow at the University of Utah. His main areas of research interest are in epistemology, logic and the philosophy of science, and he has published more than fifty articles and book chapters on various topics in these areas. He is co-editor of *What Place for the A Priori?* (Open Court, 2011) and is the author of *Counterfactuals and Scientific Realism* (Palgrave-MacMillan, 2012), *Quasi-factive Belief and Knowledge-like States* (Lexington, forthcoming) and *The Experimental Turn and the Methods of Philosophy* (Routledge, forthcoming). Contact: [shaffermphil@hotmail.com](mailto:shaffermphil@hotmail.com).

**Santiago A. Vrech** is a research master student of philosophy at the University of Utrecht, in the Netherlands. He is currently researching the normativity of logic for reasoning; moreover, his general philosophical interests include metaphilosophy, epistemology, ethics and meta-ethics. He has published papers in open access journals in the aforementioned areas of philosophy. Contact: [savrech@protonmail.com](mailto:savrech@protonmail.com).

**Michał Wagner** is a faculty member of the Institute of Philosophy, at Cardinal Stefan Wyszyński University in Warsaw. His background is in the philosophy of nature, as well philosophy and history of science. His principal interests lie in the reception of Darwinism in the 19th century, non-Darwinian theories of evolution, as well as the problem of the development of science. He is the author of a book *Interpretacje rozwoju biologii ewolucyjnej na przełomie XIX i XX wieku (Interpretations of the development of evolutionary biology at the turn of the 20th century)* published in 2020 by Liber Libri. Contact: [m.wagner@uksw.edu.pl](mailto:m.wagner@uksw.edu.pl).
